

VIVEK SINGH

Frontend & Full-Stack Developer | BCA Student

Email: vivekrajput7468@gmail.com | Portfolio: CodSoft Internship Task 1

Location: India | Specialization: Responsive Web, AI Integration, UI/UX

PROFESSIONAL SUMMARY

Forward-thinking BCA student and passionate developer skilled in building dynamic, high-performance web applications. Experienced in HTML5, CSS3, modern JavaScript, responsive interfaces, and integrating AI-powered solutions. Dedicated to creating seamless, visually captivating digital experiences.

CORE SKILLS

- Frontend: HTML5, Semantic Markup, CSS3, Modern Flexbox/Grid, JavaScript (ES6+), Responsive Design
- Technologies: React, TypeScript, TailwindCSS, Three.js, REST APIs, Git, GitHub
- Other Domains: AI/ML integrations, Python fundamentals, Cybersecurity concepts, UI/UX prototyping

KEY PROJECTS

1. Aeropulse AI - Aero-Engine Digital Twin & Telemetry

Real-time health monitoring, anomaly detection, and 3D telemetry dashboard for MALE UAVs.

2. GramSathi AI - Rural Empowerment & Multilingual AI Hub

Accessible digital platform combining AI advisory services for rural governance and citizen assistance.

3. Personal Portfolio Website - CodSoft Frontend Internship Task 1

Dynamic, soft modern portfolio featuring glassmorphic UI, responsive navigation, and form validation.

4. Interactive Utility Applications (Task Hub, Expense Tracker, Sleek Music Streamer)

Modular client-side apps with local storage, dynamic calculations, and audio controls.

EDUCATION & CERTIFICATIONS

Bachelor of Computer Applications (BCA)

Focus on Computer Science, Web Technologies, Software Engineering and AI Foundations.

CodSoft Frontend Web Development Internship (Task 1 Complete)
